

Entry Event: Challenges to take care of your goat! Will you complete the challenges? Will your goat survive and thrive?

<p style="text-align: center;">HOME/CHORES</p> <p>*to help us remember the daily chores that need to get done as part of a family unit. Examples from the video: sweeping the house/room, taking care of meals, taking care of siblings, etc.</p> <p style="text-align: center;">CHALLENGES</p>	<p style="text-align: center;">HOME/WORK</p> <p>*To help us remember the daily work that needs to be taken care of for the family to earn an income. Examples from the video: taking care of goats, collecting sticks and firewood, etc.</p> <p style="text-align: center;">CHALLENGES</p>	<p style="text-align: center;">SCHOOL WORK</p> <p>*To help us remember the value that is placed on education as a way of getting ahead, being successful in work, family business, and future schooling. Examples from the video: math work on chalkboard, books read</p> <p style="text-align: center;">CHALLENGES</p>	<p style="text-align: center;">WALKING FOR WATER</p> <p>*To help us remember the long distances the women and children (mostly girls) need to walk to collect water for their families—usually 40L! Examples from the video: Kibra and friends walking together, filling jerry cans, etc.</p> <p style="text-align: center;">CHALLENGES</p>
Clean out your desk or locker!	Clean up or collect waste/recycling on the playground or school grounds	Complete a Mad Minute or timed math drill	Run around the track or gym with your class
Ensure classroom supplies, books, etc. are neat and cleaned!	Completing school routines without reminders	Copy the alphabet or sentences on the board (similar to video or way of learning in Ethiopian schools) into a notebook or on paper	Run or walk with a water bottle or heavy item
Sanitize or clean a high-touch surface! Commit to the surface to be clean/free of germs!	Homework: Get ahead and complete on homework activity now!	Complete a Math word problem activity on whiteboards (like Kibra’s work on the board in the video)	Carry a jerry can from Point A to Point B
Brainstorm a list of chores you are responsible for at home—commit to doing one VERY well!	Help a peer or work as a team to complete a school assignment!	Write as many water facts down as you can on a paper/notebook (see https://www.safewater.org/fact-sheets-1/2017/1/23/facts-and-statistics)	Participate in today’s DPA
What chores can you do in the classroom or at home to bless a teacher, peer or family member?	Encourage a peer and work or play together at a break/recess today!	Research water facts from Ethiopia: * They use a 20-22L container (to carry on their head or tie to their back) * The weight is between 40-44 lbs * A person needs about 15 L of water each day or a family of 6 needs about 80L of water	Complete a relay activity with or without water
